WOODHEAD
GROUP

Creating a
Better Experience for All

Our Values drive everything we do and how we do it

Ever since Robert "Bob" Woodhead, took over the family joinery workshop from his Uncle Ernest in 1946 strong values have been at the heart of the way Woodhead do business.

2016 marks our 70th anniversary and the business Bob started has evolved into a strong group of companies with three regional offices across the Midlands.

At the core remains the courage and passion to approach projects differently, add value and live by our shared values, creating a better experience for all.
